

**SUSTAINABLE CREDITON  
SOLAR PROJECT  
PRICE AGREEMENT  
AMENDMENT 2**

This Amendment 2 documents the agreements made between Solarsense and Sustainable Crediton at the end of the first Installation Year of the Agreement and became effective on the 15<sup>th</sup> June 2012.

Solarsense and Sustainable Crediton have agreed to the following amendments to the Price Agreement dated 30<sup>th</sup> March 2011 with the numbers below referring to the paragraph numbers in the Agreement:-

## 2.0 Scheme Description

### 4. Add an additional sentence:-

For the second Installation Year the set of discounts and rebates based on volumes set out in the Prices, Discounts and Rebates paragraph 4. 3 will be replaced by a single 10% discount band applicable to all orders irrespective of volume. The discount will be applied at the time of order to the total installation price including VAT but excluding the cost of scaffolding. There will be no retrospective rebate.

### 2.11 Rebate to Sustainable Crediton Supporters.

The rebate due to Sustainable Crediton supporters who placed orders in the first Installation Year will be paid at the end of the month, twelve months following installation. For example where an installation took place on the 3<sup>rd</sup> September 2011, the rebate will be paid by the 30<sup>th</sup> September 2012.

The method for calculating the rebate will be as agreed between Charles Mossman and Ann Webster in the email dated 31<sup>st</sup> July 2012.

A worked example is set out below.

	Net	VAT	Gross
<b>Job value</b>	<b>10,123.2</b>	<b>506.16</b>	<b>10,629.36</b>
<b>Discount due (20%)</b>	<b>2,024.64</b>	<b>101.23</b>	<b>2,125.87</b>
<b>Discount already given</b>	<b>506.16</b>	<b>25.31</b>	<b>531.47</b>
<b>Payment due to customer</b>	<b>1,518.48</b>	<b>75.92</b>	<b>1,594.40</b>

This Amendment 2 made 21st August 2012
